Environmental Outdoor Sculpture

Last week, our year 5 pupils created a wonderfully colourful outdoor sculpture to highlight the importance of single use plastic. Learning about environmental artists such as Olafur Eliason, Andy Goldsworthy and Martin Hill inspired them to start their own project to create a large piece of art that would be seen by lots of people. They were particularly motivated by the French artist Edith Meusnier and decided to make a beautiful sunset scene using old unwanted plastic bags, which they have carefully woven together to create a cheerful composition of colours. They want to spread the message they are passionate about; that we need to be reducing our plastic consumption and taking more care of our oceans and planet.

Star of the Week!

N – Clancy for writing her name.

R – Adam for fantastic work in Maths and English.

I1 – Daniela for painting a beautiful bird box and lots of great work on SeeSaw.

I2 – Oakley for lovely reading and a great 'British Science Week' Poster.

J3 – Louis for super ideas in English.

J4 – Penny H for trying really hard in English.

5NS - Penny M for working hard in Maths and improved resilience.

5KT/SW – Charlotte for excellent school spirit in her first netball match.

6SR – Grace for trying so hard in all she does.

Science Week

For Science Week, during one experiment, pupils combined their learning about forces, materials and life cycles to create some packages to protect eggs when dropped from a height of 2m...They predicted that the parachute would slow the egg down, which it did, but it still broke...

Zoo for the Day!

We were delighted to round off Science Week with our 'Zoo for the Day!'

We welcomed an array of animals throughout the day from baby chicks, tortoises, an axolotl and ducks, all the way up to horses, lambs and calves! There was a lot to see and it was enjoyed by the whole school! The highlight of the afternoon was a large dog walk, with parents and grandparents invited along for the fun. Thank you to Mrs Robinson, along with the rest of the Science department for an enjoyable week!

Upcoming Events:

21/03/22 U11 Football v Holy Redeemer - Home

23/03/22 U16 Netball v Kingham Hill - Home

23/03/22 Oliver Dress Rehearsal

24/03/22 U12/13 Football Away at St Edwards

24/03/22 Prep School Parents Evening
