

What about the grown - ups?

AN ARTS WEEK PROJECT

for parents and staff

Last time we celebrated ARTS WEEK, it was just before the pandemic took hold in the UK

We asked you for your 10cm x 10cm art creations based on the theme of a VISION for 2020

We covered a wall in the assembly hall with your amazing little pieces of art.

We would like you to do it again for our 2023 ARTS WEEK.

WHAT TO DO.....

Just find any piece of card or paper or fabric

Make sure it measures 10cm x 10cm

Make a mini artwork based on your thoughtful reflections of the events of the past few years:-

Do you still have a dream to fulfil?

Do you have a cause that you want to support, a mission still to complete, a wish for us all?

Or just to let your mind wander through a thoughtful doodle.

Make your artwork

Name it on the back

Send it in to Mrs Mellor just after our half-term break

We look forward to building our 'collaborative creation'
