

Infant News

Kindness assembly

This week it was Nursery and Reception's class assembly all about kindness. The children recited three poems and shared times when others had shown kindness towards them.

Please watch our video...

And our Infant school councillors are...

Busy week ahead...

- Harvest festival - Thursday 16th October
Please bring in a tin
- Halloween disco - also Thursday
Send in a costume

Design and Technology in the Infants

5,4,3,2,1 Blast off!

As part of our Space topic Years 1 & 2 designed their very own rockets to send up to space. They selected materials and drew around shapes to decorate them. The children loved testing them in our Infants area before taking them home for blast off.

We have been writing 'A day in the life of...' inspired by our topic. Take a listen to Adam's... he's also recorded it as a podcast.

As part as our recent topic, Nursery and Reception have made pots for our homes using clay. The children shaped, painted and used tools to engrave patterns, before the pots were sent to the kiln.

The Great Pottery Throw Down
