Cheltenham Science Festival

Professor Brian Cox

"I'm an avid fan of Cheltenham Science Festival. It is, without doubt, the premier science Festival in the country because it is supported by pretty much everyone who cares about promoting science in Britain."

Years 1 & 2 had a fantastic day this week at the **Bubbles Superstars** interactive show, followed by a session in the **Maker Shack** zone, where **Art and STEM** collide, inspiring our children to be the next generation of scientists!

Infant News

Wise Owl words

Reception children reading their Wise Owl polysyllabic words.

Buddy the dog

In PSHE the children in Nursery and Reception learnt the Buddy the Dog song to help them stay safe online.

Crafting in Forest School

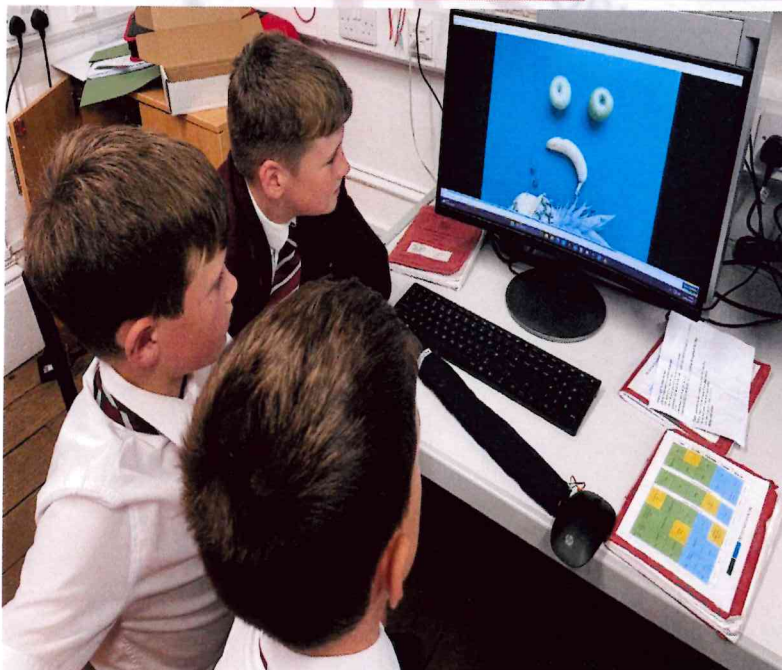

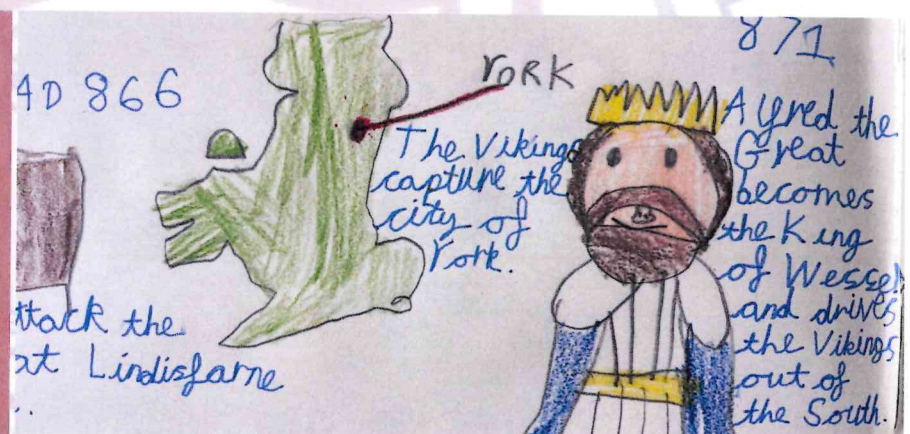

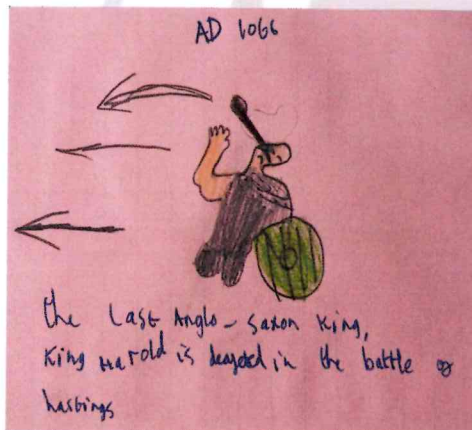

Junior News

Vikings in J3

J3 kicked off their new Viking topic creating these wonderful timelines. We are excited about exploring the history of the Scandinavian warriors...watch this space!

J4 have been busy making **stop motion animations**. They have been so creative coming up with ideas that bring fruit to life!

Junior News

J5 headed off to **Germany** with Miss Green and made some delicious pretzels! Some developing kneading skills and dunking in the chocolate skills were seen!

Year 6 relaxing with our class reader '**Wonder**' by **R.J. Palacio** in-between a busy week of end of year tests!!
