

Infants

We were very lucky to have a visitor from Severn Trent Water for Assembly. He taught us about the water cycle and how we can help save water. Did you know that a 10 minute shower uses 90 litres of water?!

The children have looked at the 4 different countries that make up the UK and explored the differences between the countries, such as their flags and national flowers.

Year 1/2 have been exploring the Traditional Tale 'Cinderella'. They role-played and hot seated different characters from Cinderella whilst discussing how they felt and why.

The children have explored why Marie Curie is an important scientist and her impact. They planned and conducted their own investigation into light and shadow and what objects will leave a shadow.
